

ABOUT COBALT

EXTREMELY DURABLE CARPET TILES FOR HEAVY COMMERCIAL USE

Cobalt is a line of **extremely durable 50cm x 50cm level loop carpet tiles**, suitable for **heavy commercial use**. They are class A castor chair tested and fully UV tested, ensuring high endurance and quality, even when exposed to severe traffic pressures.

A SECURE CHOICE IN HEAVY COMMERCIAL APPLICATIONS

The availability of **11 subtly textured plan colours** provide many options to combine and create tile patterns. Moreover, the Cobalt collection is complementary to the cobalt lines collection, featuring a stylish asymmetric striped design. Both collections are also available in 4m wide broadloom, making them very suitable for large mixed use in educational institutions, care homes, hospitality enterprises and office areas.

The Cobalt collection is treated with **Ultra-Fresh antimicrobial**, delivering freshness, hygienic protection and odour suppression to every environment.

TESTS & CERTIFICATES

- **Flammability resistance:** BflS1 according to EN 13501-1
- **Castor chair:** Class A according to EN985
- **UV stability:** Fully UV stable according to ISO105802
